

Company Policy

DIN EN ISO 9001-2015, 14001-2015, 50001-2018 - NORMABSCHNITT: 5.2

The company policy is directed at all employees of **Schoepe Display GmbH**.

Schoepe Display stands for the development, production and logistics of high-quality sales displays made of cardboard and corrugated board.

We are committed to achieving measurable, documented results through our practised integrated management system (IMS) and to continuously improving operational processes and structures. It is our endeavour to meet market requirements through continuous improvements and innovations.

This includes reducing negative environmental impacts and improving environmental performance. In addition, energy consumption is regularly recorded, evaluated and optimised through innovations in technology.

The company is committed to protecting the environment, including preventing environmental degradation through sustainable resource use, mitigation and adaptation to climate change.

It is our basic understanding to increase our energy efficiency in the long term and sustainably, thus contributing to minimising carbon dioxide emissions.

Schoepe Display GmbH undertakes to comply with all relevant laws and regulations.

Responsibility for the health and safety of our employees as well as a social responsibility for the public are our corporate goal.

We promote awareness among our employees through briefings, notification of all relevant legal changes, training and further education measures and document these.

All employees have access to the electronic management system (BITqms) at all times.

It is a matter of course for every employee of the company to comply with and observe the guidelines of the management system of Schoepe Display GmbH.

We are a member of SEDEX (Supplier Ethical Data Exchange) and certified according to FSC® (Forest Stewardship Council) and PSD (ProcessStandard Digital).

In addition, we have a sustainability management system in accordance with ISO 26000, certified by GfN Gesellschaft für Nachhaltigkeit mbH.

The public is informed about Schoepe Display GmbH's company policy via its homepage.
